**Value Added Course: Goat Farming**  
**2021 -2022**

Department of Zoology has conducted value added course, Goat farming for the year 2020-21. Now a days the applied courses such as Goat farming is gaining much attention because of milk, meat & hide source. The products of goat have high market value. The meat of goat is rich source of proteins and also fulfills the nutritional needs of human.

As a part of University syllabus, the department had arranged visit to 'Sisal Goat Farm' Gondilwadi on 23/01/2021. The goat farming center is enriched with various species of goats such as – Sanen, Jamnapari, Barberi, Osmanabadi, Beetal, Sirohi etc. In this center goats are reared scientifically. The students have studied various aspects of goats such as morphology, behavior, milk production, breeding of goats etc. This study will helpful for the students to establish their own goat farming center and will be beneficial as their earning source.

The said course is free of cost. Three faculties are engaged in conducting the course. The syllabus of course is prepared as per the time duration and guidelines. The time table, attendance etc. is maintained at departmental level.
