About ICAMSAB-2022

The conference goals to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Nano & Bio-Materials research. Thus, this would be perfect setup for networking and strong basement for an eternal bond that lasts forever among the peers.

Prospective authors are kindly encouraged to contribute and help to shape the conference through submissions of their research abstracts and papers. Also, high quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Nano & Bio-Materials Research are cordially invited for presentation at the conference in virtual mode.

Conference Themes

Web International Interdisciplinary Conference (ICAMSAB- 2022):

- Nano materials and nanotechnology.
- Non-linear optical materials.
- Sensor Technology.
- Polymer and Supra-molecular Chemistry.
- Material Chemistry.
- Bio-Polymers & Bio-materials.
- Emerging Smart Materials.
- Ceramics and Composite Materials.
- Materials in Research.
- Nano-drug delivery and Therapeutics.
- Biomaterials and tissue Engineering.

Dates to Remember
