A Report on Visit to Kanunje Nursery

Date: 18/03/2021

A visit was held to the Kanunje Ropvatika on 18th March, 2021 at Kundal for the students of B.Sc. I and B.Sc. II by the Department of Botany. The Department of Botany runs a value added course on Nursery Techniques. This was the best opportunity for the students to learn such techniques practically. Due to this visit students are now aware of how seasonal vegetables are beneficial for their health. They got the field knowledge. This visit has helped to encourage the students to start their career in this field also.

Outcomes: 1) Students are now able to identify some more plant species.

2) Students got field knowledge.

Beneficiaries: 50 Students of the Department.

Mr. Kanunje giving information on nursey plants to students.

Students learning some nursery techniques.

Actual production of some commercial vegetables was seen by the students

Commercial production of Strawberry farm was seen by the students

Nursery visit by students of the Department

B.Sc. I & II students at the Kanunje Nursery
