A REPORT ON ONE DAY INDUSTRIAL VISIT

Date: 10th May, 2023

Department of Computer Application was organized industrial visit on **10th May, Comtranse Technology, Kolhapur** to study the software development in various fields. Industrial visit is a value addition to the courses the students have undertaken. It gives exposure to the working style, methodologies and tools and techniques adopted by the industry. Such visits bridge the gap between theoretical language and practical knowledge and make students aware to real-life industrial environment. It provides opportunity for active and interactive learning experience and thus helps to enhance interpersonal skills and communication techniques. The Students become more aware of industry practices and regulations during industry visits. It broadens the outlook of students with exposure to different software developments. Such visits help student to focus on skills required to plan

Outcome:
- Student Understand the real time software development in industries.
- With an aim to go beyond books and academics, industrial visit provide a partial perspective knowledge on the world of work.

Beneficiaries: 09
