Biographies

The reason why young people should read biographies, autobiographies, memoirs, and diaries is because they provide the most valuable lessons in life. People who write their autobiographies usually have an interesting story to tell about the trials and tribulations of their own lives. Every life has a beginning, middle, and an end, and how one has lived one's life should be of great interest to those who are still at the beginning. Biographical Movies can provide minute details about someone's life. This year the department of English is screening biographical movies based on the lives of **S. Ramanujan, William Shakespeare,** and **John Keats**. Interested students and teachers must reserve their seats.
