Report of State level Workshop on

“Research Methodology in Economics”

Research provides us new domain of knowledge, new theories and laws, solution to a problem and open new areas of thought. Further it has the potential to question and analyse the existing theories in accordance to the present circumstances. Hence it is important for educational professional to be acquainted with the process of research i.e. research methodology. It is worth to mention that research is a systematic process and the knowledge of research methodology help to understand what to do in specific situation. Therefore it is very much important for a researcher to know all the aspects and steps of research process in order to make it systematic to a greater degree and hence, to stop the question to the reliability and validity of his/her work. Hence, for providing knowledge of research and research methodology to the final year students Department of Economics has successfully organized one day self funded state level workshop on “Research Methodology in Economics” collaboration with Internal Quality Assurance Cell (IQAC) on Monday, 10th April, 2023.

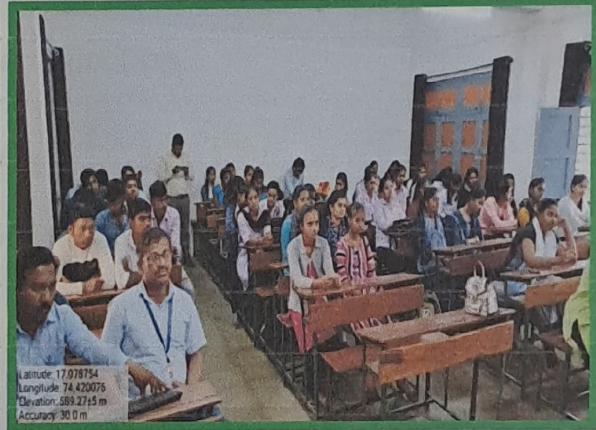

Prof. Dr. A. K. Patil from S. G. M. College, Karad and Dr. S. H. Gaikwad from ADACS College, Hatkanangale has attended and delivered its own views on the research and research methodology as a resource person in workshop. The Workshop was a comprehensive and enlightening event aimed at equipping researchers, scholars and students with essential knowledge and skills to conduct effective research in the field of economics and covering a wide range of topics related to research methodology and its application in economics. In the workshop Prof. Dr. A. K. Patil was covered significance of formulating research questions, hypotheses and setting research objectives. Dr. S. H. Gaikwad was covered various techniques for collecting data including surveys, experiments, secondary data sources and interviews. The workshop also focused on the ethics and accuracy of data collection. Participants gained insights into quantitative and qualitative data analysis techniques. Topics included statistical methods, econometrics, and software tools for data analysis. Prof. Dr. (Smt.) P. B. Patil was highlighted on importance of conducting a thorough literature review to identify research gaps and relevant

theories in economics. Participants were guided on how to critically assess existing literature. Effective communication of research findings was emphasized, including structuring research reports and presenting results in a clear and concise manner.

Outcomes of the workshop:

1. Participants were getting knowledge of research and research methodology.
2. Participants know about how to write review of literature.
3. Participants understood various tools of quantitative techniques.
4. Participants aware about report writing.

Beneficiaries = 50
