Reforms in CIE 2021-22

In the academic year 2021-22, the following reforms have been initiated in Continuous Internal Evaluation (CIE). College started in the month of October and by the end of the month a Meeting of examination was taken and the continuous internal evaluation calendar was prepared. It includes Unit tests, seminars, assignments and group projects which were conducted throughout the year. A diagnostic test was conducted by all Department for the students to identify the talent and weaker learners. Besides this subject tests were conducted to help the students to gain their subject knowledge thoroughly and make them ICT friendly.

Special tutorial classes were organized for the weak learners so that it would help students to overcome the difficulties in their studies. For internal assessment, home assignments/ unit test were given in each semester. For this purpose students were allowed to refer text books, reference books and online sources. Seminars were organized by the Departments for the students. Students were allotted with particular topic. They have prepared their own PPTs and seminars were delivered by the students. The aim of organizing seminars is to develop confidence in the students and to enhance stage daring among students. As per the Schedule of examination committee our College has organized Mid Term examination as a part of internal evaluation for UG and PG Students. The exam committee collected two sets of question papers for each subject, out of which one set was selected for examination as per the rules of Shivaji University Kolhapur. Class wise and subject wise result of the examination was prepared. This Mid Term examination was beneficial for the students for preparation of final university examination and improvement in grades.
