Reforms in CIE 2022-23

In the academic year 2022-23, the following reforms have been initiated in Continuous Internal Evaluation (CIE). Regular college started in the month of August and by the end of the month a meeting of examination committee was conducted and the calendar of continuous internal evaluation was prepared. The calendar consist detailed schedule of Unit tests, seminars, assignments and group projects which were conducted throughout the year. Diagnostic test of students was conducted by all departments to identify the slow and advanced learners. Besides, the subject tests were conducted to help the students to gain subject knowledge thoroughly.

Special classes were organized for the slow learners so that it would help students to overcome the difficulties in their studies. For internal assessment, home assignments/ unit tests were assigned semester wise. For better preparation students were allowed to refer text books, reference books and online sources. Students were given topics for seminars, they prepare PPTs and make their presentation. The aim of organizing seminars is to develop confidence and to enhance stage daring in the students. As per the schedule prepared by the Examination Committee, the Mid Term examination was conducted as a part of internal evaluation for UG and PG students. The Exam Committee collected two sets of question papers for each subject, out of which one set was selected for examination as per the rules of Shivaji University Kolhapur. The question paper were set on the basis of Cos. It helps to calculate and map course outcome and programme outcomes. Class wise and subject wise result of the examination was prepared. The result of CIE has been displaced on college website. This Mid Term examination was beneficial for the students for preparation of final university examination and improvement in grades.
