

HEALTH CENTRE

Introduction

HEALTH:- Physical , Mental, Social Moral and Spiritual well

being of a person and not merely absence of disease or infirmity of Disease.

--- WHO

We are having health centre in our college. It is essential part of our college to take proper care of health of an individual. We provide health services to our needy students, teaching & non teaching staff of our college as well as other needy persons.

We provide following health services at our centre.

- 1) First aid treatment as per requirement.
- 2) As per patient's condition we refer them to proper Physician.
- 3) Blood group camps for students and staff.
- 4) Blood donation camps in association with NCC & NSS department.
- 5) Hemoglobin estimation.
- 6) Blood pressure measurement of an individual.
- 7) Measure height/weight of individuals.
- 8) To make aware the students about communicable diseases such as Malaria, hepatitis, syphilis, AIDS jaundice, tuberculosis etc.

Aims and Objectives of health Centre

- 1) To create health awareness among the students and staff members.
- 2) To provide the primary medical facilities during exams and sports.
- 3) To organize various programmes regarding the health.
- 4) To give information about prevention of various communicable diseases.
e.g. Malaria, Hepatitis, Syphilis, AIDS, Jaundice, Tuberculosis etc.
