Departmental Seminar Activity –Report

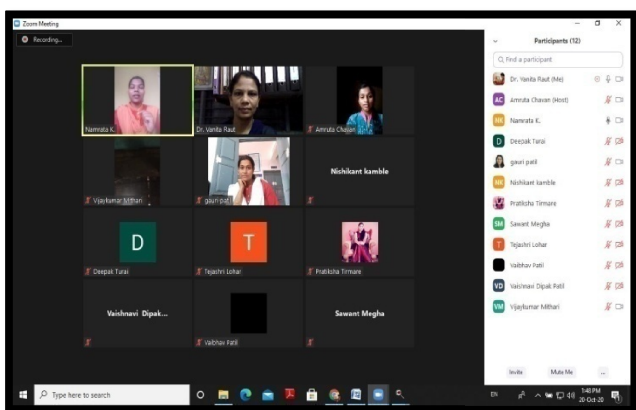

Seminar is a special time for a unique intellectual activity. It is focused but freeflowing, searching, questioning, going deeper to understand ideas from the text, from others and from within yourself. Most of the young graduates lack the confidence and fluency while interacting verbally. Coming either from rural or sub-urban background, many students hold good academic record and industrial skills but lack behind while expressing themselves. This small yet major drawback often hinders the achievements of students while campus placement. Speaking about a Syllabus topic in seminars boosts the confidence of the students preparing them precisely for interviews and group discussions.

To motivate the students for higher studies and to promote stage daring department of Physics organized a Seminar activity during year 2020-21. Seminar activity has been conducted dated 20th October 2020. Total 11 students and 3 faculties were present. During this activity, B.Sc IIIrd students delivered online seminars with help of Power Point Presentations (PPTs) using zoom platform.

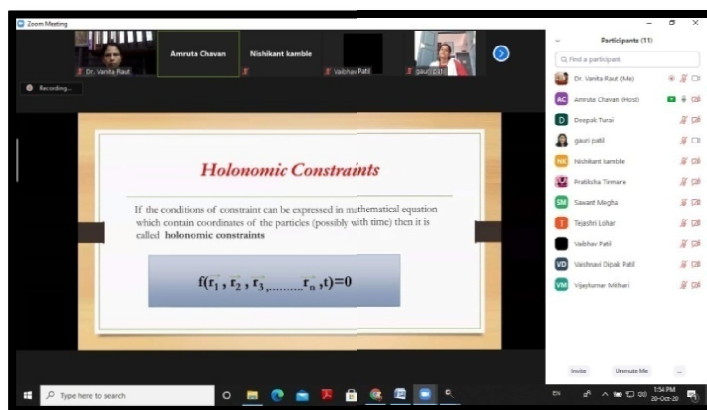

Outcomes

- 1) Increased confidence of students regarding presentation skills.
- 2) Student gained oration experience.

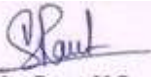

Beneficiaries- 11 Students
from B.Sc III year

Students discussing about seminar topics

Student Miss. Amruta Chavan explained concept of constraints

Dr. Ms. Raut V.S.
Head of Department
