Visit to Exhibition
“Indian Dairy Festival 2023 Kolhapur”

Date: 23.01.2023

B. Com. 2022-23

On 21st January 2023, students of the department of commerce visited a dairy exhibition called “Indian Dairy festival 2023 Kolhapur” to learn about the process of milk production and the various products that can be made from milk. The exhibition featured a variety of informational displays, including diagrams of the anatomy of a cow, information on the various breeds of dairy cattle, and a look at the equipment and technology used in modern dairy farming.

In addition to learning about the production of milk, the students also had the chance to try a variety of dairy products. They were able to taste different types of cheese, ice cream, and yogurt, and learned about the different ways that these products are made. They also learned about the nutritional value of dairy products and the importance of consuming them as part of a healthy diet.

Overall, the students found the visit to the dairy exhibition to be both informative and enjoyable. They gained a deeper understanding of the process of milk production and the various products that can be made from it. They also appreciated the opportunity to see a working dairy farm and to try a variety of dairy products.

In conclusion, the dairy exhibition served as a valuable learning experience for the students, as it provided them with a hands-on understanding of the dairy industry, from the cows to the final products. The students came back with a better understanding of the hard work and dedication that goes into producing dairy products, as well as the importance of consuming dairy as part of a healthy diet.

Outcome:

1. Students understood about how exhibition is conducted.
2. Students get informed about advancements in dairy business
3. Students got information about dairy sector

Beneficiaries :
