Report on

Market Survey on Household Chemicals

8th March 2024

Dr. Patangrao Kadam Mahavidyalaya, Ramanandnagar (Burli) Department of chemistry last seven years conducting a short-term course 'Preparation of Household chemicals'. The duration of this course is 3 months. In this year 39 students were admitted to this course. Total 100 marks course having three papers i) Basic concept of Household chemicals ii) Mechanism, precaution and cleaning action of household chemicals iii) Practical paper. After completion of this course Students can prepare these chemicals and start their own business. To start their own business, they must know about the market condition. The purpose of this survey is to build up the marketing and communication skill to get self-employed.

To study the market demands students visits the general stores, medical stores in their surrounding and makes one survey about the quantity required per month. According to survey get the knowledge about hoe much household chemicals is required in their specific area. By knowing this information, they can start prepare these solutions at home and after that own business they can start. Two students of our department Kartik Arbune and Samarth Patil have started his own business of these chemicals. In this year students also made this survey got information by visiting the shops and made a survey on paper.

No. of Beneficiaries -
39

Outcomes-

- Students get deep understanding of market dynamics.
- Students gets new market opportunities.
