Research Papers in UGC CARE List (2020 – 2021)

No Author/s Sol-gel prepared vanadium oxide for photocatalytic degradation of Methylene Blue dye Proceeding Sol-gel prepared vanadium oxide for photocatalytic degradation of Methylene Blue dye Proceeding Sol-gel prepared vanadium oxide for photocatalytic degradation of Methylene Blue dye Proceeding Sol-gel prepared vanadium oxide for photocatalytic degradation of Methylene Blue dye Proceeding Sol-gel properties Sol-gel properties Sol-gel properties Structural, electrical, magnetic, and gas-sensing groperties Structural, electrical, magnetic, and gas-sensing groperties Structural, electrical, electrical, magnetic, and gas-sensing groperties Structural, electrical,	Sr.	Name of the	Title of Paper	Name of	ISSN	Link
oxide for photocatalytic degradation of Methylene Blue dye 2 Dr. Aher M. B. Gender discrimination in the selected Indian women autobiographies in English 3 Prof. P. B. Piste Effect of zincs substitution on magnesium ferrite nanoparticles: Structural, electrical, magnetic, and gas-sensing properties 4 Dr. G.R. Patil Magnetically Recoverable BiVO4/NiFe204 Nanocomposite Photocatalyst for efficient Detoxification of Polluted Water Under Collected Sunlight 5 Dr. V.B. Patil Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Catalyst (PANI-Co) 6 Mr. Shelke U. S. Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Catalyst (PANI-Co) 6 Mr. Shelke U. S. Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Catalyst (PANI-Co) 6 Mr. Shelke U. S. Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Conference Series 1 Journal of Physics: Conference Series Yiew Document Yiew Document View Document View Document	No					
degradation of Methylene Blue dye 2 Dr. Aher M. B. Gender discrimination in the selected Indian women autobiographies in English 3 Prof. P. B. Piste Effect of zincs substitution on magnesium ferrite nanoparticles: Structural, electrical, magnetic, and gas-sensing properties 4 Dr. G.R. Patil Magnetically Recoverable BiVO4/NiFe204 Nanocomposite Photocatalyst for efficient Detoxification of Polluted Water Under Collected Sunlight 5 Dr. V.B. Patil Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Catalyst (PANI-Co) 6 Mr. Shelke U. S. Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Conference Series Dr. V.B. Patil Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Conference Series Dr. V.B. Patil Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Conference Series Dr. V.B. Patil Synthesis of N-Mannich bases from 3,4-dihydropyrimidin-2(1H)-ones by using nanostructured Cobalt Chloride Doped Polyaniline Composite as Conference Series Dr. V.B.
